Check your driver's license... Now you can see anyone's Driver's License on the Internet, including your own! I just searched for mine and there it was...picture and all! Thanks Homeland Security! Privacy, where is our right to it? I definitely removed mine, I suggest you all do the same.

Go to the website and check it out. Just enter your Name, City and State to see if yours is on file. After your license comes on the screen, click the box marked "Please Remove". This will remove it from public viewing, but not from law enforcement.
